

Program Objective

This program simulates real-life situations that require participants to stay calm and communicate effectively under time pressure. Empathy and great listening skills are essential to communicate efficiently, and master the technical tools to achieve the given missions. Each team has to utilise the strengths and potentials of every member to plan, execute, and manage crisis throughout the program.

Target Audience

HR managers, Trainers, Coaches, Learning & Development professionals

Featured courses

1. Cross-departmental Communication & Common Goal (Exploring with Robotics)
2. Empathetical Coaching (Exploring with Drones)
3. High EQ Communication with Empathy (Exploring with Virtual Reality)

Cross-departmental Communication & Common Goal (Exploring with Robotics)

Our programs instill the concept of reconnecting people while harnessing technology. Through our programs, participants with or without technical backgrounds could realise their own potentials to use technology more creatively and widely in their daily lives.

Content	Objective
Cross-departmental Collaboration	<ul style="list-style-type: none"> Practice strong collaboration across departments/ teams
Awakening Creativity & Radical Collaboration	<ul style="list-style-type: none"> Promote effective cross-departmental communication under different constraints. Encourage cross-departmental collaboration and alignment to achieve one goal as one team. Awaken creativity of individuals
Cultivate Positive and Constructive Feedbacks to promote Growth Mindset	<ul style="list-style-type: none"> Get participants into a positive mindset and end the program in a positive environment. Show appreciation to each other to build more bonding Encourage the whole team to transform from the fixed mindset to growth mindset by appreciating each other's effort and decision in their work.

Empathetical Coaching (Exploring with Drones)

By coaching each other to achieve the goals, participants will have a chance to give and receive feedback with empathy, which is essential not only in the workplace but also in their day-to-day activities. By coaching each other to achieve the goals, participants will have a chance to share their experience and skillsets through hands on communication. In addition, our programs bring out the importance of radical collaboration, sharing experiences, and high EQ communication for reconnecting people.
